Letter from the owner

As always we want to thank you, our loyal customer, for your continued support. Your frequent visits to our store keep us motivated, inspired and fulfilled. If you haven't noticed we continue to add new products on a regular basis. The staff here truly live the same lifestyle as you, which is why we have the tagline "IT'S A WAY OF LIFE." The products we recommend work because we don't just sell them we use them on a daily basis. This especially goes for the food we provide for your pets, livestock and virtually all of your critters. We understand how important their health is to you. You'll see and experience this as you speak to our staff and see how passionate they are about their pets. There are so many gimmicks out there today that it can be overwhelming to sort through. Our people help you sort through these choices and this separates us from our competition. Below I will list some new ideas and continued philosophies that we feel make us the best option for you to shop for your pets, farm, garden and home. I would like to take one more opportunity to thank you for all of your support and please contact me or any of our staff with any questions, comments or concerns. Please share your success stories using our products on whichever social media platform you use. We are always looking for more friends like you to share our stories with.

Sincerely,
Jamey Bohonyi

- 1.) **Buy American.** We proudly state that over 80% of our products sold are American Made. Our goal is 100%. Help us get there with your support and recommendations.
- 2.) **Community minded.** We try to provide something to every organization that presents to us. Especially the ones who are intertwined with our business. We are perennial supporters of both the Allentown and Northern Burlington chapters of the FFA. We not only provide fundraising support but we provide employment and training for many of the students. We are also major contributors of community events like the annual July 4th fireworks, which is 100% funded by your LOCAL businesses. We are proud to be one of them.
- 3.) **Training.** We provide continual training to our staff in all facets of our business. From fertilizer and garden products to extensive animal nutrition. This commitment to knowledge helps us better serve you. In 2016 we provided hundreds of hours of continued training and education to our staff. This year we will do even more.
- 4.) **Chicks.** We joke we are Jersey's best place to pick up chicks. Well it's no joke. From our careful selection of healthy birds to providing the best nutrition, we believe the quality of life in your flock is greatly enhanced by choosing us to be your one stop shop. With chicks, you have certainly come to the right place.
- 5.) **Delivery.** Through rain, wind, sleet and snow. We live by this. Whether it's in your business, home or on the farm, we get it to you as promised.

- 6.) **Price Match.** There are always exceptional offers out there. We have taken that issue right off the table. Same brand, same product, same size? We match it.

We would also like to share with you some new and exciting things coming this year in 2017.

- 1.) NJ fish and Wildlife License agent. This spring you will be able to purchase all of your hunting and fishing licenses and permits right here! We will also be adding more items related to these two categories as well as offering live bait. Look for some upcoming promos to encourage kids to get out and fish.
- 2.) AG-U Premium Membership - We are now offering membership to an exclusive club. With your membership you get the following benefits. FREE Local delivery on any and all of your purchases including next day or in some cases same day, doorstep delivery of your favorite pet foods and products. Advanced notifications of upcoming sales and events with first choice seating at events and seminars as well as special store hours for you to shop before the rush. A once a year, name your own sale day. One time per year you get to pick the day and time and receive 15% off your entire purchase. Common sense consultations. As a premium member you can schedule a sit down meeting with one of our passionate people to discuss real world solutions to common issues with pet food, behavior training and many other topics. There are times during your shopping experience where we can't give you the time you deserve. This will allow a 30 minute uninterrupted meeting to discuss, review and come up with some solutions to your everyday challenges as a pet owner. Last but certainly not least entry into the best loyalty program ever! The buy 10 get 1 free program on any product. You choose up to 3 items you purchase the most and you get one free with every 10 purchased. This is the best savings of any membership club out there and to top it off you still get to earn our in house rewards points. FREE propane refill is our number one reward and will be continued through 2017. See us at the store for all of the details.

Thank you for choosing Animals and Gardens Unlimited as your source of all of your Pet, Home, Garden and Farm needs. We look forward to serving you, your furry or feathered friends and everything in between.

The staff of AG-U

Here at Animals & Gardens Unlimited we refuse to settle for second best. We are the best there is and here is why...

1. We welcome our chicks the right way. They have a temperature controlled coop, and a cozy brooder. Immediately they are introduced to nutritious, all natural starter food, and fresh, clean water.
2. Chicks are here, on location, ready for you to pick them out, and take them home!
3. Our chicks are vaccinated, at no extra cost.
4. We offer a seven day health guarantee. This ensures you will have the healthiest flock possible.
5. We have the largest selection of pullets (females) in the state. We also label our brooders so that you know you are getting either pullets (we like to call them "the girls") or straight run (males and females mixed together). This will allow you to decide whether or not you want a rooster in your hen house!
6. Our staff can help match you and your family up to the most compatible species and breeds possible. If your goal is an egg laying powerhouse, a pet, or a bird for meat production we have the right chickens for you.
7. We offer both traditional and organic, non GMO, soy free, lines of feed and treats as well as multiple bedding options, including natural types.

Please, just ask. We never settle for second best...ever. So why should you? Yes, we know it's just a hobby, but a hobby is for your enjoyment! So let us help you enjoy it at the very best level!
