Kim and the Entire Y-BY Staff:

I wanted to thank all of you once again for all that you did to help me in getting the perfect tent for our wedding reception.

After the original company we hired delivered a dirty tent with holes, your guys were here within 45 minutes of me calling with a BEAUTIFUL tent. Your setup guys were amazing and so nice. And to top it all off I even received a phone call later that night making sure everything was okay. I could not have asked for better service and will only use you guys in the future! Thanks again.
