Attention: Matt Zeno

Dear Mr. Zeno:

On behalf of the Bryn Mawr Running Club and the ALS Hope Foundation, we want to thank you for your generous support of the 12<sup>th</sup> Annual Out and Back Party Run held on Friday, April 25, 2008. The race was a huge success, with more than 1,000 people participating. The tent and lighting looked amazing on the grounds of Lemon Hill Mansion. Your support and cooperation contributed greatly to the event's success and is appreciated enormously by the club, the race committee and the Corrigan Family.

We are delighted to report that the 2008 Out and Back Party Run raised nearly \$40,000 for the ALS Hope Foundation, bringing our total contribution to ALS Hope to over \$100,000. ALS Hope is a clinical research and educational center at the nationally acclaimed MDA/ALS Center of Hope at Drexel University College of Medicine. This clinic has been providing a "multidisciplinary approach" to care for patients with ALS (Lou Gehrig's Disease) and their families in the Greater Philadelphia metropolitan area since 1984. The ALS Hope Foundation is working to ensure that this clinic can continue to offer access to clinical trials of promising therapeutics and maintain its work at the forefront of clinical ALS research. Thanks to the commitment and generosity of our sponsors, the fundraising efforts of the Bryn Mawr Running Club and its members will go a long way toward achieving these goals.

Please join us for refreshments and the formal donation ceremony at the Bryn Mawr Running Company, 828 W. Lancaster Avenue in Bryn Mawr, Pennsylvania on Wednesday, June 18, 2008 at approximately 8 pm. (after the BMRC Prediction Run). Dr. Jeffrey Deitch, Ph.D., Managing Director of the ALS Hope Foundation, will give a brief presentation about how our contributions benefit their patients and their ongoing research involving ALS. We hope you can make it.

Thank you again for your generous contribution.

Best regards.

Very truly yours,

Cheryl Bishop
