DECKING OPTIONS

When you envision your perfect dock, you'll always come back to the style and color of decking you want. That's why you'll find more decking options with ShoreMaster than you'll find anywhere else. Love the feel of natural wood on your bare feet? Or are you simply looking for the perfect maintenance free solution? No matter what you're searching for, you'll find your perfect decking with one of the eight premium options available from ShoreMaster.

NATURAL WOOD:

- Premium Cedar
- Hardwood IPE

MAINTENANCE FREE:

- Aluminum
- Glacier
- Vertex

DECKS

ShoreMaster dock systems feature removable decking panels, but why?

First, we build the strength of our dock systems into the frame sections themselves. We do not rely on the decking attachment to provide the system its strength. Second, it's better for the owners of our systems. It provides you options and makes installation, removal, upkeep and upgrades so much easier.

Why choose a removable deck panel system?

- Panels can be removed for installation/removal, making sections lighter and easier to carry and install.
- Opportunity to upgrade the look of your system without replacing frame sections.
- Easily replace individual panels if necessary - no need to replace an entire dock section.
- Trust that the integrity and strength of your system is built into the frame itself

DECKING OPTIONS

CHOOSE FROM THE MOST DECKING OPTIONS OF THE INDUSTRY

PREMIUM CEDAR

CLASSIC | NATURAL | WARM

When you select natural Premium Cedar wood decking for your dock system, you want the material to be of the highest quality. We source Premium Cedar boards that contain more heartwood so you get decking that will last longer and look great, with minimal maintenance. Nothing feels better on your bare feet than the soft, natural beauty of Premium Cedar decking from ShoreMaster.

HARDWOOD IPE

LUXURIOUS | DURABLE | NATURAL | LOW MAINTENANCE

You want real wood decking with low maintenance requirements. Hardwood IPE decking from ShoreMaster adds stability to your dock system because its density adds additional weight to the overall dock system. IPE decking feels firm and stable under foot and its natural oils resist warping, insects and decay to provide you with a natural wood decking option that's remarkably low maintenance.

TRADITIONAL WOODGRAIN ALUMINUM

MAINTENANCE FREE | POWDER COATED | DURABLE

You want all of the natural beauty of real wood decking, but you need it to be maintenance free. Woodgrain aluminum decking gives just that. Woodgrain powder coated aluminum decking won't rot, twist, warp or decay, so your dock will look like new year after year. Get all of the benefits of natural wood, without the hassle of annual wood decking maintenance.

GRAY OAK WOODGRAIN ALUMINUM

MAINTENANCE FREE | POWDER COATED | DURABLE

Add timeless beauty and durability to your dock system with our Gray Oak woodgrain aluminum decking. Utilizing an Italian process paint application, our woodgrain decking features a non-repeating pattern so you get the uniqueness and natural appearance of wood without all the maintenance and hassle. Plus, the treaded surface provides you with a safe, cool to the touch decking option that's as comfortable as it is beautiful.

DECKING OPTIONS

MORE CHOICES. PREMIUM OPTIONS.

PLAIN ALUMINUM

MAINTENANCE FREE | DURABLE | WORK READY

Whether you plan to use your dock for serious work or serious enjoyment, you'll be glad you chose the ultimate in maintenance free decking. Plain aluminum decking from ShoreMaster offers a lightweight, maintenance free, incredibly durable dock surface that is perfect for work or play.

WHITE ALUMINUM

POWDER COATED | MAINTENANCE FREE | DURABLE | STAYS COOL

Add years of worry free, maintenance free enjoyment to your lake living experience with ShoreMaster's white aluminum panels. Powder coated in brilliant white, you'll get a clean, modern looking surface that stays cool to the touch even on warm summer days. The treaded surface provides you with a safe decking option that's as comfortable as it is beautiful.

TAN ALUMINUM

POWDER COATED | MAINTENANCE FREE | DURABLE | STAYS COOL

ShoreMaster's Tan Aluminum decking is among our most popular aluminum decking options as it provides a safe, comfortable decking surface. Powder coated in natural tan, you get an attractive decking option to complement your waterfront property. Tan aluminum decking features a treaded surface and stays cool to the touch, so your family can truly enjoy every summer day on your dock.

DECKING OPTIONS

MORE CHOICES. PREMIUM OPTIONS.

GLACIER (TAN OR GRAY)

LIGHT WEIGHT | MAINTENANCE FREE | SLIP RESISTANT

Glacier Decking is one of the easiest decking options to own because the open concept of the design will not collect dirt and debris. This allows it to dry faster and stay clean longer. You'll be able to enjoy a great looking dock system without any of the decking maintenance and cleaning. Glacier Decking is easy on your feet, and its slip resistant surface allows you to safely and comfortably enjoy time spent on your dock.

VERTEX™ (TAN OR GRAY)

SHOREMASTER EXCLUSIVE | MAINTENANCE FREE | SLIP RESISTANT

If you want a maintenance free decking option that is truly unique, you want the ShoreMaster exclusive Vertex™ decking. With a flagstone pattern, Vertex™ feels smooth on bare feet, looks great, and is incredibly slip resistant. Once you've walked on Vertex™ decking, you won't want anything else for your family.

SHOREMASTER'S
EXCLUSIVE VERTEX™
DECKING PANELS

Did you know that Vertex™ decking is a ShoreMaster exclusive decking option?

Vertex™ decking was conceptualized and developed in-house by ShoreMaster's design team in 2005. A key component of the development and design of Vertex™ decking was the creation of the flagstone pattern and development of the mold. ShoreMaster's design team sorted through dozens of actual flagstone landscaping pavers before deciding on the version you see in production on Vertex™ decking today. The mold was fabricated as an exact replica, right down to the surface texture of the actual flagstone paver that was selected.

DOCKS

Take your waterfront experience to the next level with the convenience, safety and quality you can only find with a ShoreMaster aluminum dock system. Extremely lightweight yet remarkably stable, each dock can be configured to meet virtually any desired layout and look.

Docks, decking, accessories and lifts all work seamlessly together to make it easier for you to get out on the water today – and keep you returning for countless tomorrows.

INFINITY RS4 DOCK

VERSATILE DESIGN. ENDLESS CONFIGURATIONS.

ENDLESS CONFIGURATIONS
for virtually unlimited
layouts or designs.

benefits

UNLIMITED CONFIGURABILITY

QUICKCONNECT™ PIVOT LADDER

Crafted with alloy aluminum construction and available in 3, 4 and 5-step, the QuickConnect™ Pivot Ladder will enhance the use of your waterfront.

QUICKCONNECT™ SYSTEM

Allows for easy, no-tool attachment and movement of accessories, including off deck benches, vertical bumpers, steps and more.

QUICKCONNECT QUICK STEPS

Quick Steps provide safe, stable access to the water. A wider width & step tread means more stability at the waterfront. Available in 4 or 6-steps.

DOCK STEPS WITH HANDRAIL

For swimming and safety, ShoreMaster steps are essential. They are available in 4 and 6-step versions and feature marine alloy aluminum construction with stainless steel hardware. Made to fit most styles of stationary dock and wheel-in dock.

options

DIAGONAL DEEP WATER BRACE

The easy installation will add support to your dock increasing its stability. For deep water applications (5' or greater).

5-SIDED DOCK LEGS™

ShoreMaster's 5-Sided Dock Legs™ provide three points of contact for unmatched dock stability and safety. The T-handle adjustment system means no tools are necessary to make height modifications.

QUICKCONNECT™ DOCK FURNITURE

Relax on your dock in style. The QuickConnect™ Dock Furniture comes with 2 chairs, a table, and an umbrella.

QUICKCONNECT™ ROPE CLEAT

Provides a convenient tie-up for visiting boats and can be positioned anywhere along your dock with QuickConnect™.

DOCK BUMPERS

Provide additional protection for your boat and swimmers. The QuickConnect™ Vertical Dock Bumper is aluminum channeled with a vinyl surface and adjustable to help prevent your boat from going over or under your dock. Three types of bumpers are available, including 10' dock bumpers, corner dock bumpers, and vertical dock bumpers.

TURN YOUR INFINITY RS4 DOCK INTO SOMETHING TRULY UNIQUE.

To get a new twist on waterfront fun, throw a curve or two into your dock. With our curved sections, you can create all kinds of exciting new shapes, directions and even round platforms. With the same decking options as the Infinity RS4 Dock, these curves fit right in.

1/4 ROUND - 90 DEGREE

Put your imagination to the test for all sorts of interesting possibilities.

1/8 ROUND - 45 DEGREE

Like our 1/4 round sections, you can use 1/8 rounds with other curved or standard RS4 sections. Just imagine the fun you'll have when you get eight together for a 12' diameter platform.

INFINITY RS7 DOCK

STRONG. SOLID. HIGHLY CONFIGURABLE.

24" POLY TIRES

Our Poly Tires are self-draining to reduce weight when removing your dock from the water and to make off-season storage quick and easy. With rigid sidewalls, they won't deflate.

QUICKCONNECT™ SYSTEM

Allows for easy, no-tool attachment and movement of accessories, including off deck benches, vertical bumpers, steps and more.

QUICKCONNECT QUICK STEPS

Quick Steps provide safe, stable access to the water. A wider width & step tread means more stability at the waterfront, and are available in 4 or 6-steps.

QUICKCONNECT™ TOW HITCH

Convenient hitch hooks up to your tow vehicle for easy installation and removal.

QUICKCONNECT™ DOCK FURNITURE

Relax on your dock in style. The QuickConnect™ Dock Furniture comes with 2 chairs, a table, and an umbrella.

options

SHORESIDE PIVOT RAMP

Access your dock with ease with the 4' or 8' shoreside pivot ramp. Available with a variety of options to match your deck.

QUICKCONNECT™ LAKEVIEW BENCH

With the QuickConnect™ System, you can mount this bench anywhere on the dock. Add the optional armrest with beverage holder for extra comfort.

QUICKCONNECT™ CANOE & KAYAK RACK

Attach the Canoe & Kayak Rack with the QuickConnect™ System for easy installation.

QUICKCONNECT™ QUICK STEPS

EASY INSTALLATION. VERSATILE APPLICATION. ALL TERRAIN FUNCTIONALITY.

UNMATCHED VERSATILITY

Connect to your dock, using the included foot pads or simply pound leg posts into the ground. No matter your installation site the Quick Steps easily provide safe, stable access to the water.

PREMIUM PERFORMANCE

All aluminum construction, along with stainless steel and brass hardware, means our Quick Steps are corrosion and rust resistant, yet lightweight and easily assembled. Enjoy stable, premium performance for years to come.

WIDER WIDTH AND STEP TREAD

A wider width and step tread means more stability at the waterfront.
Stairway Opening Width - 33.75"
Overall Width - 41"
Step Tread Depth - 7.125"

4- OR 6-STEP OPTION

Available as a 4-Step or 6-Step section, or use the connection kit to extend as needed (see insert).

QUICKCONNECT™ INSTALLATION

Easily connect to ShoreMaster's Infinity series (RS4, RS7, or TS9) dock sections using the QuickConnect Bracket. ShoreMaster's exclusive QuickConnect system means quick assembly and tool free installation.

QUICKCONNECT™ QUICK STEPS

THE MOST FUNCTIONAL, EASIEST TO USE DOCK STEPS AVAILABLE.

ENDLESS VERSATILITY AND EASY CONNECTIONS

Dock steps. Landscaping steps. The possibilities are endless with ShoreMaster all-terrain QC Quick Steps. Connect multiple sets of steps together easily for seamless access no matter the length or distance

benefits

MODULAR DESIGN

The Floating PolyDock is highly customizable and has a modular design with unlimited versatility.

SUPERIOR STRENGTH

Polyethylene single cavity, hollow, non-foam filled float structure that consists of an integrated deck surface and flotation.

REMARKABLE STABILITY

The recessed areas on the bottom of each PolyDock section help to provide stability between the dock and the surface of the water.

SHORELINE SUPPORT

Offering a variety of anchoring options to suit just about any shoreline.

DECK SURFACE

The deck surface features a herringbone brick pattern. The spaces between each molded brick allow for water drainage from the deck surface.

KAYAK LAUNCH

Safely and easily dry launch your kayak or canoe. Guard rails make it easy to enter and exit the launch, and the kayak launch's three rollers make the transition between the water and the kayak launch super smooth.

DESIGNED FOR
EASE-OF-USE AND
CONNECTIVITY

features

FLEXI-HINGE

Designed to allow Shoreport™ to attach to most floating dock systems.

STAND-OFF / PIPE BRACKET

Designed to attach Shoreport™ to fixed and standing dock systems.

FRONT END CONNECTION

Easy clamp design allows for sturdy alternative attachment to ShoreMaster Shoreport™.

KEEL ROLLER

Our standard three roller system provides easy drive on and roll off launching. The clear non-marring poly rollers are adjustable to conform to any hull design.

EXTENDED STORAGE

8" cleat quickly and easily ties down your personal watercraft for safe and secure extended storage.

EXCEPTIONAL FLOTATION IN A SINGLE MOLD.

Whether you're replacing floats on your old floating dock or building a new floating dock system, you can't beat the exceptional value and quality of ShoreMaster Flotation. Our floats are rotationally molded for a seamless one piece construction that will remain watertight for years to come. The durable polyethylene shell contains UV inhibitors and carbon black pigment to protect against UV degradation.

POLYSTYRENE FOAM FILLED

Foam filled with expanded polystyrene beads to prevent loss of buoyancy due to puncture or damage to the outer shell. This meets the Hunt Absorption Test.

EXCEPTIONAL STRENGTH

Ribbed sidewalls provide greater strength and more uniform walls.

PREMIUM SUPPORT

Deeper mounting flange offers greater support in mounting areas.

RHINOFLOAT

PREMIUM DOCK FLOTATION. TRUSTED EVERYWHERE.

PREMIUM DOCK FLOTATION. TRUSTED BY DOCK BUILDERS EVERYWHERE.

Dock builders and dock installers everywhere rely on RhinoFloat premium dock flotation to float their customers' floating dock systems because of their durability, impact resistance, and premium construction. With completely encapsulated expanded polystyrene foam interior, RhinoFloat can withstand even the harshest marine environment.

POLYSTYRENE FOAM FILLED

Foam filled with expanded polystyrene beads to prevent loss of buoyancy due to puncture or damage to the outer shell. This meets the Hunt Absorption Test.

"J" BOLT COMPATIBLE SLOTS

Quick and easy installation is provided by RhinoFloats "J" bolt compatible attachment slots. Slotted attachment locations allow the dock builder or installer to position the RhinoFloat nearly anywhere along the dock frame.

QUICKCONNECT™

THE EASIEST WAY TO CUSTOMIZE YOUR DOCK

A DOCK SYSTEM THAT EVOLVES WITH YOU. COMPLETE CUSTOMIZATION

Imagine adding, removing, or reconfiguring your dock accessories at a moment's notice, and without the need for tools. When you choose a ShoreMaster dock system, you'll enjoy the convenience of QuickConnect accessories.

QUICKCONNECT BRACKET

After the initial setup, you will never need tools to adjust or reconfigure your dock accessories. You won't find an easier system anywhere else.

SHOREMASTER EXCLUSIVE

T-handle installation. No drilling. No holes. Change your mind at a moment's notice. Tool free reconfiguration and easy installation.

QUICKCONNECT™ ACCESSORIES

THE EASIEST WAY TO CUSTOMIZE YOUR DOCK.

DOCK FURNITURE

CHAIRS, TABLE AND UMBRELLA | QUICKCONNECT

Enjoy your waterfront more from the comfort of your dock system. Furniture and benches are easy to add, remove and adjust for a beautiful look and relaxing atmosphere.

Furniture set comes with 2 chairs, table and umbrella (two sets shown at left). On- and Off-Dock benches available with and without armrests.

NEW! HOMECREST DOCK FURNITURE (SPECIAL-ORDER)

CHAIRS, TABLE AND UMBRELLA | QUICKCONNECT

Our NEW premium dock furniture, from Homecrest Outdoor Living, utilizes a model design and versatile Hickory finish. The chairs feature a swivel rock functionality for your comfort.

Two styles of furniture available; see dealer for details. Available in 5 chair fabric options:

QUICK STEPS

4- AND 6-STEP OPTIONS | PIVOTING ANGLE | TWO STYLES AVAILABLE | QUICKCONNECT

ShoreMaster's NEW Quick Steps feature a wider step, deep tread and can be used as dock steps or landscaping steps for the ultimate waterfront experience. Also available are our standard dock steps.

4- and 6-step options available in both styles.

QuickSteps feature 33.75" stair opening, 41" overall width, and 7.125" stair tread.

PIVOT LADDER

3-, 4-, AND 5-STEP OPTIONS | QUICKCONNECT

Get in and out of the water easily with ShoreMaster's QC Pivot Ladders. A vertical pivoting action and locking pin allows you to flip the ladder up when you're not using it, making it ideal for swimmers.

3-, 4-, and 5-step options available.

QUICKCONNECT™ ACCESSORIES

THE EASIEST WAY TO CUSTOMIZE YOUR DOCK.

STAND-UP PADDLEBOARD RACK

SINGLE AND DOUBLE RACK OPTIONS | QUICKCONNECT

Store your paddleboard, kayak or canoe off of your dock with an accessory bracket that attaches to the outside perimeter of your dock at any location.

Single and double rack options available. Versatile design can accommodate nearly any watersport equipment including paddleboards, kayaks, and canoes.

NEW! STAND-UP PADDLEBOARD RACK

EASY, SECURE BOARD & PADDLE STORAGE | QUICKCONNECT

Our SUP storage rack is the best way to store your Stand Up Paddleboards dockside so they are ready to ride whenever you are. The SUP Storage Rack is designed to fit any style of stand up paddle board, and the storage rack arms are vertically adjustable so you can store your SUP at the perfect height for you. With easy installation and seamless protection for our paddle boards we make it even more convenient for you to get out on your next paddling adventure.

DOCK BENCH

AVAILABLE WITH OR WITHOUT ARMRESTS | QUICKCONNECT

Add comfort and style to your dock system with a dock bench. Available with and without armrests, the Lakeview dock bench offers the perfect spot to enjoy a morning cup of coffee or an evening of relaxation on the water. Plus, with QuickConnect, your bench can attach anywhere on the dock system and move at a moment's notice - so you'll never miss a sunrise or sunset.

NEW! SOLAR DOCK LIGHTS

NO CORD OR WIRING | SOLAR POWERED | EASY INSTALL | 5 COLORS AVAILABLE

Set your Infinity Dock System aglow in the evening with solar paneled dock lights from ShoreMaster.

Mounted directly into the dock leg caps our dock lights are easy to install and offer an attractive and unobtrusive low profile – no tripping, no wasted dock space. A bright solar powered LED light provides an evening illumination without the hassle of cords or wires. Available in white, blue, amber, red or green.

ALUMINUM LIFTS

You can rely on an aluminum boat lift from ShoreMaster to improve your boating experience by providing you with an easy and dependable way to access and store your boat. When you choose the safety, dependability, and simplicity of a ShoreMaster boat lift, you'll spend more time boating with your friends and family, and less time performing maintenance and making adjustments to your lift. ShoreMaster lifts can be configured to fit any style of boat. No matter how you boat, you'll enjoy it more with a ShoreMaster boat lift.

PREMIUM LIFT OPTIONS:

- Vertical Lifts

DURABLE. SIMPLE. VERSATILE BOAT STORAGE.

ShoreMaster's vertical lift is designed to work in shallow, deep, or fluctuating water conditions. ShoreMaster's all-aluminum welded construction provides a lightweight, maintenance free lift for greater strength and durability.

The double V-Side design allows for easy access to both sides of your boat. These lifts provide safe, secure mooring with virtually maintenance free operation.

WHEEL CADDY

Attached to each lift side and designed to assist in lift installation and removal, the Wheel Caddy can remain on the lift year round.

Simply disconnect two chains and tighten the set screw to use the lift.

PONTOON LIFT

STABILITY. DESIGNED FOR TODAY'S PONTOONS.

benefits

SUPERIOR STABILITY

Our frames provide better stability for today's pontoons.

options

STABILITY. DESIGNED FOR TODAY'S PONTOONS.

ShoreMaster's Pontoon Lift has been designed to perfectly fit today's larger, more powerful, and more refined pontoon boats. With new pontoon specific accessories, you can be sure that your new pontoon will be protected by a ShoreMaster pontoon lift.

BOAT LIFT HANDRAIL

With the ShoreMaster lift handrail, it's easier to climb in and out of your lift system.

PONTOON RAIL KIT

Acts as both a lifting device as well as a centering guide.

PONTOON RACKS

All Pontoon Racks are aluminum construction and come as a set of four. They are designed to provide a surface for your pontoons to rest on and are adjustable horizontally on the lift rack.

PONTOON MOTOR STOP

Assists in centering your pontoon fore and aft.

CANTILEVER LIFT

CLASSIC DESIGN. BUILT TO LAST. EASY TO OWN.

WIDE ARRAY
OF AVAILABLE
ACCESSORIES

benefits

LOW MAINTENANCE

The three brass pulleys are easy to inspect and require nearly zero maintenance.

PREMIUM PERFORMANCE

Welded construction provides superior durability over bolt-together lifts, with easier assembly and installation.

SIMPLE AND DEPENDABLE

Stainless steel cable offers extremely simple ownership and incredible dependability.

TIME TESTED DESIGN

Premium pivot bushings are the reason our cantilever lifts last for decades, not just years.

INCREDIBLE RELIABILITY

The Whisper Winch™ offers quiet operation with incredible reliability.

CLASSIC DESIGN. BUILT TO LAST. EASY TO OWN.

Relentless attention to weld quality is what ShoreMaster gives to every cantilever boat lift that we produce. This is a time tested quality that keeps many of our original lifts in use today. One stainless steel cable and three brass pulleys evenly distribute weight across the frame.

WHEEL CADDY

Attached to each lift side and designed to assist in lift installation and removal, the Wheel Caddy can remain on the lift year round. Simply disconnect two chains and tighten the set screw to use the lift.

EASY ADJUST LEG

Easily adjust the height of any lift with a cordless drill or wrench.

▲ SPECIAL ORDER LIFT

*PACKAGE INCLUDES ASSEMBLY, FULL LENGTH BUNKS, FULL LENGTH GUIDES, AND MOTOR STOP.

WARNING: DRY BOAT WEIGHTS ARE OFTEN UNDERSTATED BY THE MANUFACTURER. ALSO THEY DO NOT INCLUDE GAS, GEAR, ETC. WEIGH YOUR BOAT FULLY LOADED TO GET ACCURATE WEIGHT. WARRANTY IS VOID IF THE LIFT CAPACITY IS EXCEEDED.

HYDRAULIC LIFT

ACCESSORIES

benefits

EASY OPERATION

Remote control operation is standard with all hydraulic lifts for easy, convenient lift operation.

PREMIUM PERFORMANCE

Welded construction provides superior durability over bolt-together lifts, with easier assembly and installation.

EASY OWNERSHIP

Traditional hydraulic design requires minimal maintenance, making it easy to own.

ENDLESS VERSATILITY

Lift rack beams can accommodate bunks, guides, and other accessories to fit any style of watercraft.

SUPERIOR DURABILITY

The premium hydraulic pump is designed for simple, reliable operation and is housed in an attractive fiberglass box.

CANOPIES & POWER UNITS

You look forward to spending time on the water with friends and family more than anything else. You want products that make it easier for you to get out on the water. Boat lift canopies and boat lift power units from ShoreMaster allow you the simple convenience of protection from the elements, while providing fast and easy boat lift operation. When it's easier for you to use and store your boat, you'll find yourself spending more time enjoying it with friends and family. Get more time on the water with your family and a lot less stress when you choose the convenience and quality of a ShoreMaster canopy or boat lift power unit.

CANOPY COVERS

CHOOSE YOUR SIZE, STYLE, AND COLOR

13oz VINYL WITH TOP COAT

DURABLE | LIGHT WEIGHT | PROTECTION | EASY INSTALLATION

ShoreMaster's premium 13oz vinyl canopy cover with top coat allows you to enjoy your boat at a moment's notice without the need to unsnap a boat cover or clean and dry the interior.

The 13oz vinyl canopy cover with top coat is designed to be very lightweight without sacrificing the durability or moisture and UV protection that you expect from a premium vinyl canopy cover. Your OEM exclusive top coated vinyl canopy cover will outperform heavier 18oz vinyls in the following areas: tear resistance, grab tensile, strip tensile and hydrostatic resistance.

VINYL OPTIONS

WEATHERMAX®

LIGHT WEIGHT | PROTECTION | COLOR RETENTION | EASY INSTALLATION

ShoreMaster's WeatherMax® fabric canopy covers offer superior protection from the elements. You'll enjoy WeatherMax's ease-of-use when it comes to installation, removal or storage of the cover because WeatherMax® is incredibly lightweight and easy to handle.

WeatherMax® canopy covers feature a water repellent HydroMax™ finish for long lasting protection, durability, color retention and superior protection from the elements. Choose from either the traditional canopy frame or the hip-roof canopy frame.

WEATHERMAX® OPTIONS

TRADITIONAL CANOPY

YOUR BOAT. YOUR INVESTMENT. PROTECT IT.

TRADITIONAL CANOPY

DURABLE | DEEP FRAME | SUPERIOR COVERAGE

A traditional canopy from ShoreMaster will keep your boat clean, dry and ready for adventure while helping to maintain its value year after year.

ShoreMaster's traditional canopy provides strength and features hand welding to reduce maintenance.

A deep, rounded design with a shallow pitch allows you to tuck your boat completely into the frame for superior protection from sun and wind driven rain.

ShoreMaster's vented ends provide breathability to inhibit the buildup of mold and mildew.

HIP ROOF CANOPY

YOUR BOAT. YOUR INVESTMENT. PROTECT IT.

HIP ROOF CANOPY

CLEAN LINES | ATTRACTIVE STYLE
SHALLOW PITCH

ShoreMaster's hip roof canopy frame is designed to provide superior protection for your boat with clean, modern lines.

The pitch of ShoreMaster's hip roof canopy helps to shed rain and moisture while its welded construction makes it incredibly durable and easy to maintain.

The hip roof canopy features a lower profile than traditional canopy frames, offering premium protection without sacrificing lakefront aesthetics.

BOAT LIFT POWER UNIT

EASY INSTALLATION. EASIER OPERATION.

LIFT MATE™

EASY INSTALLATION | SIMPLE TO USE | UNIVERSAL DESIGN

You want a boat lift power unit that is easy to install, easy to operate, and won't let you down when it's time to take your boat for a cruise or when you return from time spent on the water. The Lift Mate™ provides you with all of that with a universal design that is perfect for new or existing boat lifts.

Available in 110V and 12V models that feature easy-to-use toggle switch operation. Mounting hardware is included to fit boat lifts up to 5,000 lbs.

AVAILABLE OPTIONS:

- 110V or 12V

LIFT BOSS™

DEPENDABLE | QUIET OPERATION | EASY TO INSTALL

Add enjoyment to your time spent on the water with ShoreMaster's Lift Boss™ boat lift power unit. The Lift Boss™ is the quickest and easiest way to upgrade your ShoreMaster boat lift to add the convenience of motorized boat lift operation. The Lift Boss is incredibly easy to install, easy to use and it's designed to perform flawlessly season after season.

AVAILABLE OPTIONS:

- 120V or 12/24V
- Key-turn and Wireless Remote Operation

AVAILABLE ACCESSORIES:

- Solar Panel
- Battery Tray

benefits

EASY INSTALLATION

Installs quickly and easily with simple hand tools for a quick boat lift upgrade.

SIMPLE TO USE

Simply push the toggle switch to effortlessly raise or lower your boat lift.

POWER OPTIONS

12V or 110V options to fit your waterfront property's power availability.

20-MINUTE INSTALLATION

Included in the Lift Boss™ boat lift power unit is the mounting kit for your ShoreMaster Whisper Winch™.

EASY OPERATION

All models include easy key-turn operation. For additional ease-of-use choose the wireless remote operation.

POWER OPTIONS

12/24V or 110V to fit your waterfront property's power availability.

SHOREMASTER WARRANTY

Top Notch Protection.

ShoreMaster, LLC warrants all ShoreMaster brand aluminum docks and lifts purchased new by the original owner to be free from defects for a period of 15 years and an eight-year warranty applies to the PolyDock. A five-year prorated warranty applies to canopy covers and a ten-year warranty applies to polyethylene floats. A two-year warranty covers the remaining components of these products (excluding components and options which carry their own manufacturer's warranty, wherein that warranty will apply).

ShoreMaster will, at its option, repair or replace, without charge, or allow credit for any such goods found on examination by ShoreMaster to be defective under normal use and service, provided ShoreMaster is promptly notified in writing upon discovery of such defects. The buyer's remedies with respect to defective goods shall be exclusively limited as above provided and in no event shall ShoreMaster or Hammond Lumber Company be liable for incidental or consequential damages of any nature. All repair work must be done by a registered ShoreMaster dealer.

This warranty does not cover damage caused by improper use, installation, overloading, accident, neglect or harmful alterations or repairs made by others, damage by snow or ice, electrolysis, severe weather conditions and Acts of God.

An aerial photograph of a large, L-shaped dock system made of light-colored wood decking and aluminum framing. A red boat is docked on the left side, and a red jet ski is docked on the right side. The dock is situated on a body of water with a sandy beach in the background.

WHY HAMMOND LUMBER COMPANY?

LARGE INVENTORY

Hammond is the largest stocking distributor of ShoreMaster products in the United States. Some competitors' systems take 4-6 weeks to manufacture and deliver. Most ShoreMaster items are in stock at all of Hammond's thirteen convenient locations.

FAST DELIVERY

Hammond offers delivery anywhere in Maine usually within 24 hours. Delivery anywhere in the eastern United States and Canada can also be arranged.

VALUE

Hammond purchases full truckloads of product which enables them to pass on these savings to its customers. A ShoreMaster system is a sensible, long term solution to waterfront equipment.

MAINTENANCE FREE

Aluminum components provide a maintenance free, long lasting waterfront system. ShoreMaster dock frames, dock legs and ladders are made of high quality aluminum — not galvanized steel like some competitors.

INSTALLATION

Hammond has a large network of installers available who install and remove ShoreMaster waterfront systems. We will assist you in finding someone who will best fit your individual needs and requirements.

WARRANTY

ShoreMaster backs their residential waterfront products with a 15-year warranty on the aluminum structure and welds. A two-year warranty covers the remaining components of these products.

ADAPTABILITY

ShoreMaster's "Universal Dock System" allows for configuration flexibility and future expansion. Configuration changes and additions are easily accommodated by a unique ShoreMaster design.

BRAND NAME

ShoreMaster is a nationally recognized company. ShoreMaster products carry a re-sale value much better than competitor products.
