Stop in on Thursdays, from 11:30 a.m. to 1 p.m. for burgers, dogs and all the fixin's. Bring your crew for a free lunch and visit with the vendors. Hope to see you there!

Rock and Binder Kit in Stock

NEW

Gator Rock Bond is a one component binder that mixed with riverstone creates a durable permeable and decorative surface. Great for garden pathways where erosion and drainage is a concern.

Advantages:

- Porous and permeable
- Keeps stones in place
- Reduce maintenance & clean up
- Durable in extreme conditions

Ideal For

- Banding, edging, and trimming
- Pathways
- Walkways
- Tree wells

RBK \$55.00 / Kit

Included in Pail: Liquid Binding agent 17 oz. & Riverstone 40 lb.

Coverage: 1 kit, at a 1/2" surface thickness will cover approx. **10 sq. ft.**

AVAILABLE NOW

ESI Slab & Paver Roller Compactor

ESI Vibratory Roller Compactor dedicated to compacting slabs, natural stone and pavers. Previously if you wanted to compact slabs, natural stone and pavers you had to use a rubber mallet or a bolt-on sheet of plastic to cover the bottom of your standard vibratory plate.

Now, with the EVPC120, these problems are eliminated. The ESI roller Compactor has rubber-coated rollers which allow the plate to move quickly and efficiently over slabs and pavers. The protected rollers will not chip or mark slabs, natural stone or pavers, and the rollers allow for easy and smooth maneuvering. When compacting polymeric jointing sand, there is almost zero dust created.

Honda GX160, a proven, dependable power source

Folding handle for transport and storage convenience. The handle then acts as engine protection during transport. An integral lifting bail offers a secure lifting point.

Rubber coated rollers protect the pavers. Smooth travel over the pavers without chipping the corners and scuffing the paver surface.

Durable rack and pinion throttle lever. Very smooth operation and stay-in-place settings. This lever is repairable thereby reducing maintenance costs.

Features:

- EVPC120 Compaction Force 2,315 lbs.
- Folding handle for transport and storage
- Rubber coated rollers to protect slabs / pavers
- Durable rack and pinion throttle lever
- Anti-Vibration handle
- Almost zero dust created when compacting
- Well-placed lifting handles.
- One Year Warranty
